

PTE Academic Offline Practice Test

Overview

V2 July 2025

PTE Academic is a computer-based test designed to test your English Speaking, Writing, Reading and Listening skills. The test takes approximately **two hours** to complete. This includes an untimed Personal Introduction.

There are three timed parts:

- Part 1: Speaking and Writing
- Part 2: Reading
- Part 3: Listening

Each part of PTE Academic is individually timed.

Part	Content	Time allowed
Introduction	Personal introduction	1 minute
Part 1	Speaking and Writing	76-84 minutes
Part 2	Reading	23-30 minutes
Part 3	Listening	31-39 minutes

This PTE Academic Offline Practice Test includes a combination of questions covering each of the language skills – Speaking, Writing, Reading and Listening – as assessed in the actual test.

Each question is presented as it appears on screen online, but as this is an offline test, it does not have the same functionality as the actual online test. This test will either need to be printed with answers handwritten, or you can use the editable response boxes provided in the documents.

Spoken responses should be recorded on your mobile phone. Audio countdowns are not included for listening questions and there is no recording status countdown for spoken responses. If doing this test under timed considerations, only approximations can be applied.

As the number of questions for each question type can vary in the actual test, this offline practice test should not be considered a direct representation.

Each of the four documents includes an Answer Key and Transcripts of the recordings for the speaking and listening sections. The Answer Key provides the correct answers and/ or sample responses to the practice questions. The sample responses illustrate CEFR competencies at the B1, B2, and C1 levels.

Answers can be checked against the Answer Key and recorded spoken responses compared with the sample responses.

The audio prompt files required for some listening and speaking questions are provided within the folder **Prompts** and the sample responses for speaking in the folder **Sample Responses**. The files are labelled by question type, e.g., **Describe Image** and by question number **Describe Image_ Question 1** for you to easily find.

The Offline Practice Test can be used for question practice, whole test practice or the questions used as sources for development of additional preparation material.
